

The monthly MODIS SST data are available as ASCII CSV files:

(e.g. **2002/A20021822002212.L3b\_MO\_SST.csv**)

File name has yyyydn1yyyyn2 where dn1 is start day of year and dn2 is end DOY

These files contain bin number and SST.

The bin locations are given by a geolocation file with bin, Longitude, Latitude, and height:

**geo.csv**
